DHSS updates their website routinely to keep medical marijuana patients informed. Stay up-to-date with the interactive facility approval map (below), that provides a status overview of all DHSS facilities at <https://arcg.is/IPOvm8>, or the approved dispensary list (left) page at <https://health.mo.gov/safety/medical-marijuana/licensed-facilities.php>.

Help us, help you! We are really good at assisting with the state registration process. Typically registration goes smoothly, however, should you no longer have access to your state MyComplia account, please contact the state directly for assistance at 866-219-0165. Your patient information is protected and the easiest way for a Kindway team member to assist is for you to have your MyComplia account information ready for your appointment.

Charlie and his team just hooked up electricity to the greenhouse and built beautiful flower beds for Kindway Farms. Give him a call for canna-friendly handyman to-do list and home enhancement jobs!
